The appeal for help

To Whom It May Concern:

Dear Sir/Madam,

We kindly ask you to help us in the great tragedy that the recent earthquake caused to Sisak county and the blind people who live here. We are not yet able to estimate the full level of the devastation, but many of our members lost their homes and needed alternative accommodations, though we're happy that at least none of them has perished. Would you be able to help us decrease their pain? If you would be able to help us financially, you can send your donations to the following account:

Besides the material help, we would also need the teams to provide psychological support to blind people who are in great shock and fear.

Sincerely yours,

Danko Tomanić, the president
